From Colley Award to Campaign Leader

Thomas Howard '93

Thomas Howard '93 is a former chapter president and the fifth brother from Alpha Phi to receive the Colley Award, the National Fraternity's award recognizing the Most Outstanding Theta Chi in the nation. Brother Howard made the one of the largest individual gifts to the Capital Campaign, *Honoring Our Past, Building our Future*.

The support from Thomas Howard and **Greg Mullins '85**, the top two contributions to the campaign, was critical in Alpha Phi's ability to build a new house, and enabled us to exceed the \$1 million mark in our campaign. Thomas agreed to talk with us about his decision to make a lead gift to the campaign:

"To this day, the fraternity has been one of the most impactful experiences of my life," Brother Howard stated. "The fraternity gave me an incredible family of friends, provided me with so much opportunity to get involved in campus activities, and taught countless lessons about relationships and leadership. All of these things worked together to help prepare me for my future. I just want to do my part to help make sure that it can continue to do the same things for the guys yet to follow.

"I was a legacy, so I spent some time at the House in the summer before high school graduation. (**Brother Ben Howard '86**). I decided to not take the bid in the summer and keep my options open. In the end, it was a no-brainer to go Theta Chi. Everyone seemed authentic, and there seemed to be a great mix of people in the house. It was clearly a house that knew how to have fun, but that also stayed very grounded in academics and campus involvement...and that's exactly what I was looking for. **Derek Simpson '92, Mark Borden '90** and **Mike Donlan '90** rushed me."

"I remember the normal parts of everyday life of living in the house the most...Brenda always having my French toast and eggs ready in the morning, Thursday night swaps, Friday afternoons in the fall, spring parties, and just hanging around on random nights during the week. I lived in the house for four years and it was easily one of the best decisions I ever made.

"The fraternity undoubtedly prepared me for my career more than anything else in college. Living in community with more than 100 guys taught me a ton of things... how to compromise and negotiate alongside friendships; how to make tough decisions that might alienate some, but is in the overall best interest of the house; how to disagree with someone and yet still have a productive relationship; how powerful the practice of building people up can be, and how every single person has a skill set that can contribute to the house...although I still haven't found a way to apply all that experience of stripping and waxing those floors!

"One of the values I learned in the fraternity was loyalty. Not everybody was the same, and not everyone was the best of friends, but we were a family and stuck up for each other. I had never lived in close community with such a diverse group of guys, and yet everyone knew we were part of something bigger than ourselves. At the end of the day, somebody in the house would have your back...and sometimes it'd be from the person you least expected.

Thomas Howard lives in the Buckhead neighborhood of Atlanta and is the founder of MemberClicks, a web-based company that provides website and membership data capability for organizations and institutions. His company manages the website for Alpha Phi's website, thetachiua.com. Additionally, in 2013, he co-founded CrossFit 404, which is now one of the largest CrossFit gyms in Atlanta. Outside of work, Brother Howard loves to travel, especially to follow the Tide during football season.

On-line Giving Available

Alumni may make contributions to the University of Alabama—Theta Chi Fund by going on-line at <http://www.ua.edu/giving.html> or simply Google UA.edu/givng.

On the left side of the page, click “Make a Gift” and the first box will ask: “Where would you like your gift directed?” Click the arrow and scroll down to “Greek Housing Funds.”

Then click the second box and scroll down to Theta Chi. Then, click the third box that states “Gift/Pledge Type.”

You may make a gift via credit card, bank draft of your checking account or recurring billing. Many brothers have taken advantage of this method of giving, because you can give a little each month that adds up to a considerable commitment over a period of time.

All Gifts are Tax Deductible

All contributions to the campaign are tax deductible according to the current IRS regulations.

Gifts of Stock

Several brothers have given appreciated stock as campaign

contributions. Making a gift of stock is relatively easy. An electronic stock can be transacted by your broker. The University's SAL account number is 8334-8170. UofA's Tax ID#63-600138. The DTC #0750.

The University brokerage firm is Sterne, Agee & Leech Inc. 205-414-7258, and if you have any questions call Cynthia Johnson at the University of Alabama at 205-348-0759.

The Advantage of Gifting Stock

By giving appreciated stock, the contributor avoids paying capital gains tax that would be due if he cashed the stock and made a contribution. Additionally, you get to claim the entire amount of contributed (the fair market value of the stock on the day of the transfer) rather than your actual cost value.

Alumni may also consider giving “depreciated” stock by selling the stock, claiming the investment loss against your income on your tax return, and claiming the amount of cash contributed. This may be an attractive alternative if you have a stock that you want to shed, and you are attempting to lower your Adjusted Gross Income on your tax returns.

Honoring Our Past, Building Our Future-Capital Campaign Ended June 30, 2014

The Capital Campaign for the new house officially ended solicitation of contributions on June 30, 2014.

Many brothers are making multi-year pledges, and **if you are currently paying on a pledge, the University will continue to send you notices on your "Pledge Due" dates.** We appreciate your continued support.

The campaign received more than \$1.2 million in contributions and multi-year pledges from 253 alumni. Approximately \$180,000 in multi-year pledges are still active. New funds donated to the campaign remain completely tax-deductible according to the IRS Tax Code. Many brothers took advantage of giving via gifts of stock, on-line contributions and credit card gifts. You may go on-line at Giving UA for instructions and details.

Where are your contributions going, and how will they be spent?

All contributions to the Capital Campaign are paid to the University of Alabama-Theta Chi Building Fund, received and processed at the University's Business Affairs Office. 100% of all contributed funds will be used to pay down the mortgage on the new house.

The new house cost \$7.2 million. The former house has been sold to Phi Sigma Kappa Fraternity for \$1.6 million, leaving a debt of \$5.6 million, less contributions received. We have already paid down the debt by nearly \$400,000 in contributions; and we will soon contribute another \$200,000; thereby reducing the debt to \$5 million. The University of Alabama is financing the debt at market rate.

Room Naming Selections:

The top contributors to the campaign earned rights to name the following rooms as agreed upon by the Campaign Committee and the Alpha Phi House Corporation at the beginning of the campaign. These gifts ranged from \$25,000 to \$225,000.

The House Mother's Suite- In memory of Mrs. Virginia Glover by Mark Borden, Trey Crabb, Mike Donlon, Jim FitzGibbons, Burk Lindsey, Kelly A. McGriff, Toby Roth, and Derek Simpson.

Recognition and Room Naming Opportunities Still Available
